

## **Freedom of Information Act (FOI): Publication Scheme**

**This document complies with the requirements of the Information Commissioner's Model Publication Scheme for Thomas Bond & Partners in accordance with the Freedom of Information Act 2000 and fulfils the obligations on opticians' practices under the Act.**

### **Introduction**

This is a complete guide to the information routinely made available to the public by Thomas Bond & Partners. It is a description of the information about our NHS services that we make publicly available. It will be reviewed at regular intervals.

### **How is the information made available?**

The information within each Class is available in hard copy from:

Ms E Whitmore,  
Thomas Bond & Partners Ltd, 130 Melton Road, West Bridgford, Nottingham, NG2 6ER.

### **This guide and information**

We will publish any changes we make to this guide or relevant information. We will also publish any proposed changes or additions to publications already available.

### **Cost of Information**

For the most part, we will only charge for hard copies, or copies onto media. Charges are as follows and will be reviewed regularly.

- Accessed from our website – free of charge
- Single hard copies – free of charge
- As the Freedom of Information Act applies to the provision of information, a request for multiple hard copies does not fall within the provisions of the Act and will attract a charge for retrieval, photocopying and postage. We will inform you of the cost of these charges that will have to be paid in advance.
- E-mail will be free of charge.

### **Your Rights to Information**

- The Freedom of Information Act 2000 is designed to promote openness and accountability amongst all organisations that receive public money.
- Like all NHS contractors, since 1 January 2005 there has been a FOI obligation on optical practices to respond to requests about the NHS related information that they hold, and a right of access to that information has been established in law.
- These rights are subject to exemptions (see below) that have to be taken into consideration before releasing information.
- In addition to accessing the information identified in this guide, you are entitled to request information about our NHS services under the NHS Openness Code 1995.
- Under the Data Protection Act 1998, you are also entitled to access your clinical records or any other personal information held about you and you can contact any practice where your records are held to do this.

## **Feedback**

If you have any comments about the operation of the Publication Scheme, or how we have dealt with your request for information from the scheme, please write to:

Ms E Whitmore,  
Thomas Bond & Partners Ltd, 130 Melton Road, West Bridgford, Nottingham, NG2 6ER.

## **Classes of Information**

All NHS information at Thomas Bond & Partners is held, retained and destroyed within NHS guidelines. Our commitment to publish information excludes any information that can be legitimately withheld under the exemptions set out in the NHS Openness Code or Freedom of Information Act 2000, the main reasons being the protection of commercial interests and personal information under the Data Protection Act 1998. This scheme has been written in accordance with those exemptions. The information on this Scheme is grouped into the following categories:
